Create Keystone ID: General Information

1  General Information

2  Profile Information

Welcome!

The Commonwealth of Pennsylvania is improving how it provides online services to citizens! Several state agencies are working to establish a Keystone ID which creates a single way to access several different state programs. Currently, the Keystone ID that you create and manage here can be used for:

Child Welfare Portal
Users of the Child Welfare Portal can apply for a Pennsylvania child abuse history clearance or submit child abuse referrals.

SERS' Online Member Services
Members of the State Employees' Retirement System can get statements, run estimates, and more.

If you already have signed into any of these programs, you do not need to create another one now. Simply use the user name and password you've already established to access all of these services. Keep in mind that if you change your password or any other profile information in any one of these programs, the changes you make will apply to all programs that use the Keystone ID.
Keep an eye out for the Keystone ID sign-in on more state websites in the future. It's just another way the Commonwealth of Pennsylvania is working to serve you better.

To ensure online security, please select and provide answers for security questions. These questions will be used if you forget your password.

Security Question Tips

Choose questions for which you will easily recall the answers, do not write down the questions and answers, as this undermines their usefulness as a security tool. Answers must be typed exactly the same way, every time. So, if you capitalize "Philadelphia" or if you write "Philadelphia PA" here, you must do so every time you use the question.

Avoid using special characters (\$@%&*) and punctuation (!, ~, ~) in your answers.

You cannot use the same question more than once.

Answer cannot be any phrase directly from the question.
